WALTER REDMOND  
CASE # C 07 4276 CW(PRS)

Dear Sir/Ma'am,

07 AUG 30 PM 1:24

FEDERAL DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA

this is an additional ~~follow-up~~ regarding my complaint, because I want to be as thorough as my memory will allow me to be. After I had been choked unconscious, and awakened to all of the kaos I was hearing among the four police officers, because I had not regurgitated/coughed-up the drugs they assumed, and hoped I had swallowed, I was taken to the station where I was immediately allowed to talk to a medic, and I explained to him my neck was hurting extremely, it truly was but I was under duress, still frightened like an individual waking up from an epilepsy/cesure attack. I was in shock, appauled and in pain. What I'd like to add is once I was dropped off at 850 Bryant St. after sitting in a Tenderloin Precinct cell for 4 hours, I was taken by different S.F.P.D. officers to the hospital, and as I sat there waiting for a doctor, a neck-brace for the pain, it was about 4:30pm and another narco agent, friend of the defendants, and co-worker shows up, relieving the uniformed officers, and started talking smart, in a threatening manner immediately, very intimidating as they do in many instances, and I was under much duress and coercion at the hospital, and though I was in pain, it was obvious he, or his intent was to discourage me from getting help, so a record of what truly was wrong, would not be documented. The nurse, a "city employee also", and he talked, and she was told to encourage me to say I was alright, though my neck still hurts, and I'm in pain today, 6 weeks/six wks later! I kept telling the nurse under my breath, shaken my head, but she was a puppet after the agent had basically intimidated, coerced her, lead-her-on, to mislead me in my report. Fact is also, I knew I had to ride back to 850 Bryant St. jail with this unstable character, and I wanted to make it back unharmed.

#2. Therefore my being seen at San Bruno General on 7-15-07,  
Case 4:07-cv-04276-CW Document 6 Filed 08/30/2007 Page 2 of 3  
was an inaccurate account of my condition, which was much  
worse! I am a 50 year old fragile individual, because I've  
had, or been in two near fatal car accidents, and also worked  
in sheetmetal, and construction in my younger years, helping to  
build this city, also being a professional line-cook in my early  
30's, before being hired on a Dean Witter Reynolds, at  
101 California Blvd., as a maintenance supervisor, which  
allowed me to meet many a top-gun stock-brokers like  
Mr. Albert SCHWABACKER, and others; from whom I got interested  
in Walnut Creek, Ca. area, and eventually moved to, by the late  
80's, working for WELLS FARGO SECURITY. Again, I am here at  
this facility, and still have not been seen for my neck, or  
given ~~████████~~ medication for my pain! I have filled out several  
grievance forms, alerting the medics, but they are all city  
employees, the police @ S.F.P.D., and the "nurse practitioner," and  
C.N.A.'s at this facility... I am being denied medical care regard-  
ing this incident, and as I said, the nurse I saw at S.F.  
General, on 7-15-07 was coerced by the police narco  
agent, to tell me to say I wasn't hurt, when a 6'3 FT.  
300lb police agent choked me out, knowing my body jerked  
as he held me off the ground (at his height), which in turn  
put my entire body weight on my neck, as my reflexes  
activated, as I went totally unconscious! I'm in pain here  
at San Bruno County jail, and I'm getting no medical  
attention! Can you help with this at all? I am at the  
mercy of this entity, "THE CITY", if you will, and need help!

P.S. A Mr. Sosa @ Public Defenders  
office, has my police report, which  
is available to you. (415) 553-1671  
Please don't hesitate to get records  
(You have my authorization. 8-29-07)

Sincerely,  
Walter Redmond
